

I implore the FCC to put an end to the dangerous precedent Sinclair Broadcast Group is trying to set. In a political campaign that, on both sides, is becoming increasingly nasty (verging on the ridiculous), it is paramount that the media - particularly the news - be objective and non-partisan. As one fed up with the viciousness of this campaign, I suggest that Sinclair Broadcast Group's plans to air "Stolen Honor: Wounds That Never Heal" (or a portion thereof) will do more in the long run to harm America and our values of truth and justice than Senator Kerry.

As the saying goes, "Truth is the first casualty of war." Indeed, Sinclair Broadcast Group and "Stolen Honor: Wounds That Never Heal" do more to support the type of beliefs responsible for propaganda in places like pre-war Nazi Germany than anything else. It appears we now have a war being waged against America and all that it stands for - but from within our own borders.

Please put to a swift and decisive end to this injustice Sinclair Broadcast Group is trying to inflict against truth, the American people, and democracy in general. The lies must stop. Please.
